RE : Support for genocide massacre and crimes against humanity not seen since the holocaust Ignoring the massacre and ignoring the hundreds of babies, women and children who are captives in Gaza and ignoring harm to Jews on campus

Greetings.

1. 80 years ago, the Jewish people went through extremely difficult genocide.
2. In Germany, a mad leader named Hitler arose who decided to exterminate the entire Jewish people.
3. He took a globe and marked on it how many Jews there are in each country.
4. Then he set off. He murdered over six million Jewish people and millions more of the disabled, Gypsies and more.
5. The whole world was silent and did nothing to stop this horrible genocide.
6. Since the world swore **never again.**
7. This month the world **and you did not keep your word.**
8. On Simchat Torah, a Jewish holiday, thousands of Nazi terrorists broke into Jewish communities throughout Israel. They murdered, raped, slaughtered, abused the bodies and committed war crimes, crimes against humanity and genocide.
9. They desecrated the bodies, abused them, took people's eyes out with a spoon, burned people alive. Destroyed communities and all for one purpose pure evil and hatred. This is not a legitimate war, but an infinite evil that is prohibited by every law and every moral standard.
10. [I was amazed to see](#) that your employee instead of expressing sharp criticism of Hamas, which kidnapped and held babies, women, children, and the elderly, demanding an end to international law, you blame the State of Israel, that Palestinian lives are not important to them, and this is proven by the fact that the State of Israel replaces 50 babies with 150 terrorists.

11. Not only that, you also refused to apologize and said you were voicing the other side. If so, would you also voice the side of the Nazis and Hitler to the Jews? Here is an example. Hitler claims that you are harming the lion race and therefore you deserve to die, what is your reaction? Or to people with disabilities and the elderly, Hitler claims that you are a burden on the people and must be killed, what is your reaction?

11. When there are nine Nazis and a guest in the room and the Nazis tell about what they did that day and the guest is silent, this means there are ten Nazis in the room.

12. The Jewish people will rise from the grief and the dust and win, but you

13. The warmest place in their hell is reserved for those who in times of war maintained neutrality, so you who supported Nazism and the enemy will be in a higher place. shame.

14. in the name of the entire Jewish people and in the name of the 1400 massacred. The babies and women, the elderly and the young immediately condemned the terrible massacre without any reservation, demanded immediately without reservation the return of all the abductees and immediately canceled the awarding of points to those who support terrorism, and on the contrary awarded points to those who fight terrorism for the State of Israel and against the terrorist organization Hamas.
